I Think It's Time

Verse 1: Hey little darling, I think it's time to tell you how I feel
Hey little angel, I tell you things you've got to take for real
Come on sugar baby, get yourself a drink and take a seat
Listen honey, shut up and open your ears.

Bridge 1: You are my princes of the night, the girl I'm always dreaming of
But you've done so many things that I can't take anymore

Chorus 1: If I ever knew what you want to know me.
If I ever knew what you want me to be.
All I've got to say is baby I love you.
You've got to realize that I will stay like I am.

Verse 2: You've said that you love me, but you've been always playing tricks on me.
Everybody warned me, but I was blind too blind so I can't see.
What is it good for, to tell me lies and making me a fool
Fuck off darling, take your lipsticks and stuff you.

Bridge 2: You were my princess of the night - the girl that I've been dreaming of
But you've done so many things that I can't take anymore

Chorus 2: If I ever knew what you want to know me.
If I ever knew what you want me to be.
All I've got to say is baby I leave you.
You've got to realize that I will stay like I am.

Verse 3: Good morning darling last night I had a dream of me and you
Don't ask me angel - I only hope that dream once will come true
Oh I can tell you the feelings that I had were oh so strong
Oh sugar baby, I never felt like this for long

Interlude: Baby imagine
I had a dream
Can't tell you the story
Don't know what it means

Final: You've gotta know, gotta know baby
I've gotta go, gotta go honey
You're driving me, driving me crazy
