Arsehole

Opening

Hey! Arsehole!

Verse 1

You ask me to come closer then you push me away.
You give the world up just to see me then you say you won't stay.
You've caused so much confusion with your love and your lies.
The only way to keep you happy is to open my thighs...

Interlude 1

... and I find it degrading to be handled like this,
I find you a little disgusting as well.
I think it's no way, for you, to treat a lady,
and I'd just like to ask you, who the hell you think you are?

Verse 2

Holding on to what I thought might be a romance,
well I was just your partner for this horizontal dance,
It's such a shame you took the blame and seemed so proud,
but tell me who am I supposed to get angry at now...

Interlude 1

... You're an arsehole.
You're such an arsehole.
You're a liar, a two timing bastard.
You're an arsehole so tell me now...

Verse 3

... well, if it was just an illusion, that you were ever mine,
I don't think you have the right to hit other guys,
for looking at me in the way that they do when you're making
it as clear as day to see that I'm not here with you.

Bridge 1

You'd try anything to satisfy your egotistic little dick it's true,
I won't be pressurised it's not my problem that you're so damn sick oh...

Interlude 2

You're like a spider - I am the fly
You stuck your poisen - deep inside me
Well I don't want it anymore - no

Verse 4

You know I am not exagerating
I'm not the one who's hesitating
You think forgotten is forgiven
but the shit you gave me is unforgettable
